AHMED MANSOUR

FRONT-END DEVELOPER & UI/UX SPECIALIST

PROFESSIONAL SUMMARY

Driven, highly passionate **Front-End Developer & UI/UX Specialist** in my senior year of Computer Science. Proficient in translating complex Figma visual concepts into high-performance, pixel-perfect, and fully responsive web interfaces using modern web technologies (**HTML5, CSS3, JavaScript ES6+, Bootstrap, Tailwind CSS**). Backed by a powerful Computer Science foundation in **C++, Python, OOP, Data Structures, and Algorithms**, alongside modern AI workflow tools (**v0.dev**). Committed to delivering scalable codebases and engaging digital experiences for dynamic tech teams and freelance clients.

EDUCATION

Bachelor of Computer Science

2023 – Present

Misir Higher Institute for Commerce and Computers, Mansoura

Senior Academic Student (4th Year | Expected Graduation: 2027)

TRAINING & CERTIFICATIONS

Python for Data Science & Machine Learning

Jul 2025 – Sep 2025

Digital Training Center (DTC), Mansoura University

- Completed 108 Intensive Hours | **Grade: Excellent**
- Acquired core proficiency in Python programming, data structures, and foundational machine learning concepts.
- Verified Certificate Link: <http://dtc.mans.edu.eg>

Business English Certification

Sep 2025 – Oct 2025

Digital Training Center (DTC), Mansoura University

- Completed 12 Training Hours | **Grade: Excellent**
- Mastered professional corporate communication, presentation, and technical writing skills.
- Verified Certificate Link: <http://dtc.mans.edu.eg>

PROJECTS & PRACTICAL EXPERIENCE

Front-End Developer Trainee

2026

NTI Summer Training Program

- Engineered and deployed responsive web applications utilizing HTML5, CSS3, JavaScript (ES6+), and Bootstrap.
- Collaborated effectively in team repositories implementing Git/GitHub version control workflows.
- Ensured cross-browser compatibility, fast layout rendering, and seamless user experiences.
- Project Repository: [GitHub Group Project](#)

VentureHub — Senior Graduation Project Concept

2026

Senior Lead Front-End Developer

- Architected intuitive UI/UX web layouts and front-end modules connecting founders, developers, mentors, and investors.
- Designed scalable UI component libraries, wireframes, and responsive user flows.

Open Source & Personal Web Development

Ongoing

GitHub Portfolio

- Authored multiple responsive web components, landing pages, and interactive DOM scripts.
